In the company domain box, type **nsweducation**

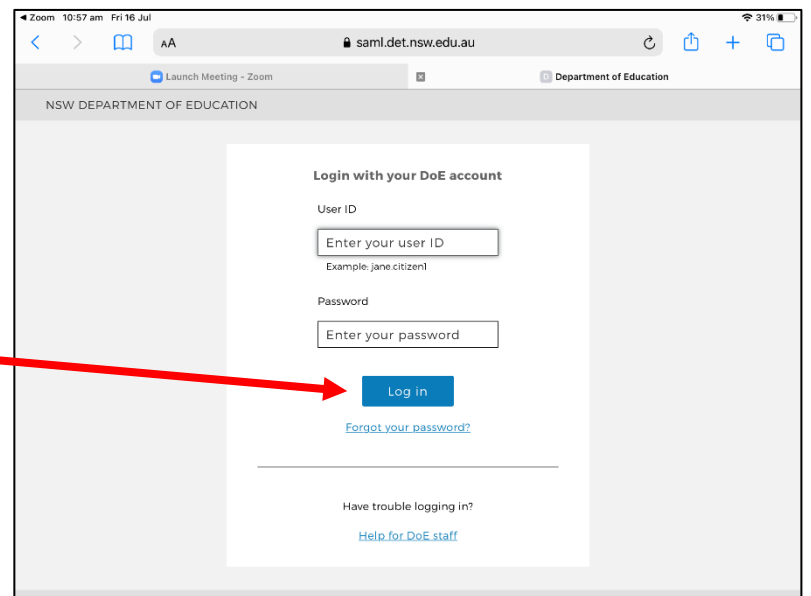

Then press continue.

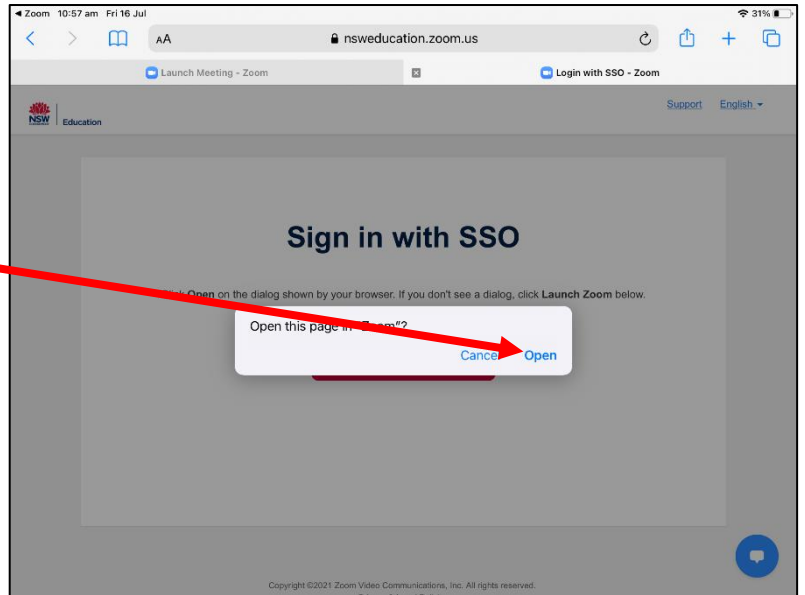

Step 6 –

Enter you student User ID and password.

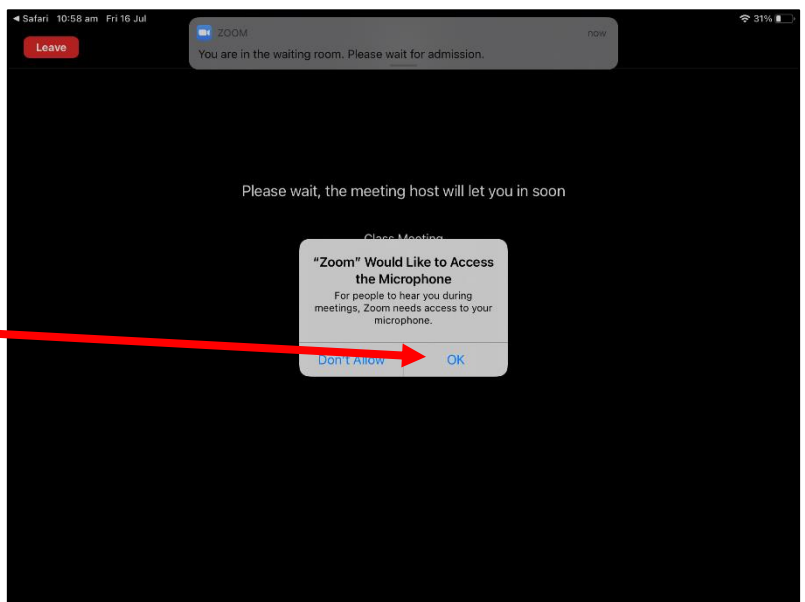

Then press Log in.

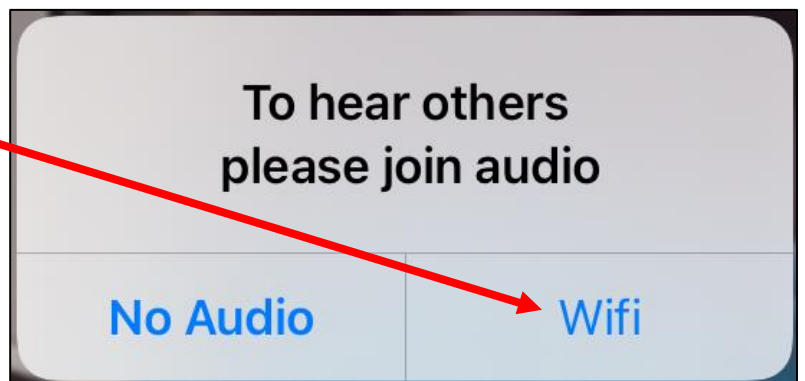

Step 7 –
Press Open.

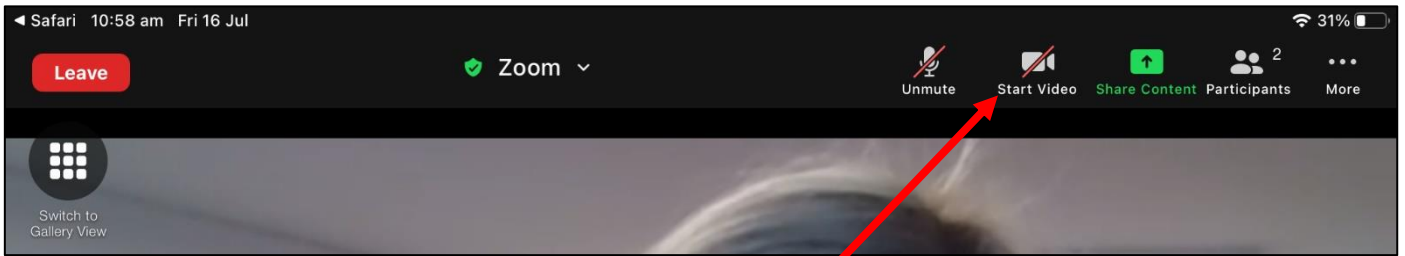

Step 8 –
As you enter the meeting, it will ask for permission to use the microphone.
Press OK.

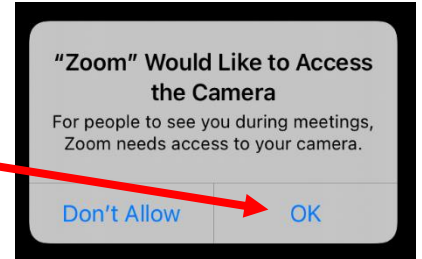

Step 9 –
When it asks to hear others, press Wifi.

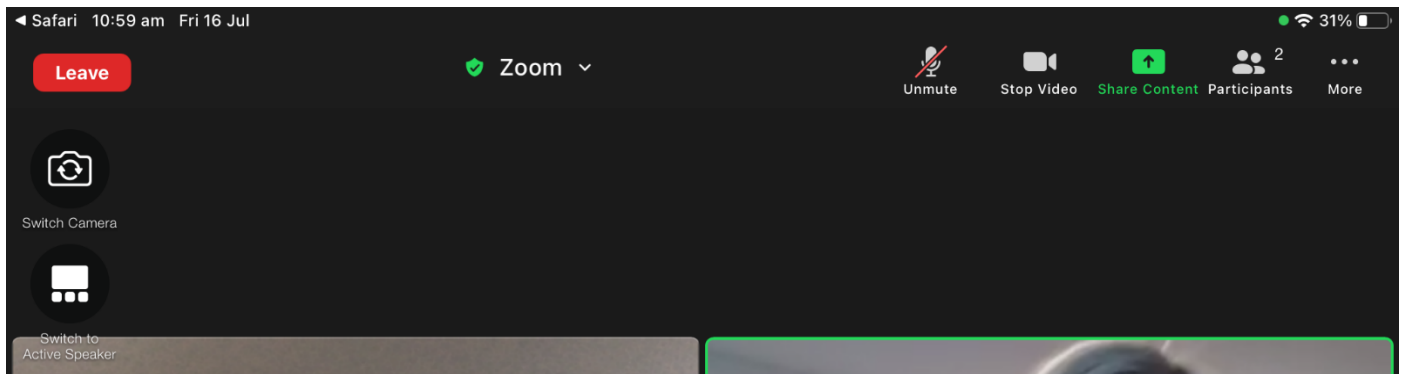

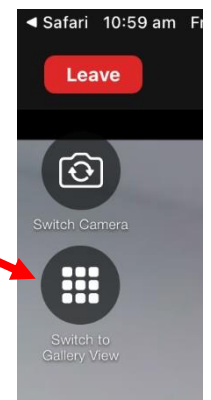

Tap the screen to see the menu across the top. Press Start Video.

It will ask for permission to use the camera. Press OK

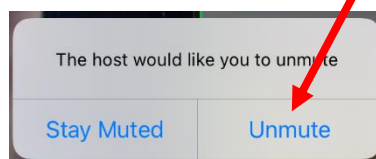

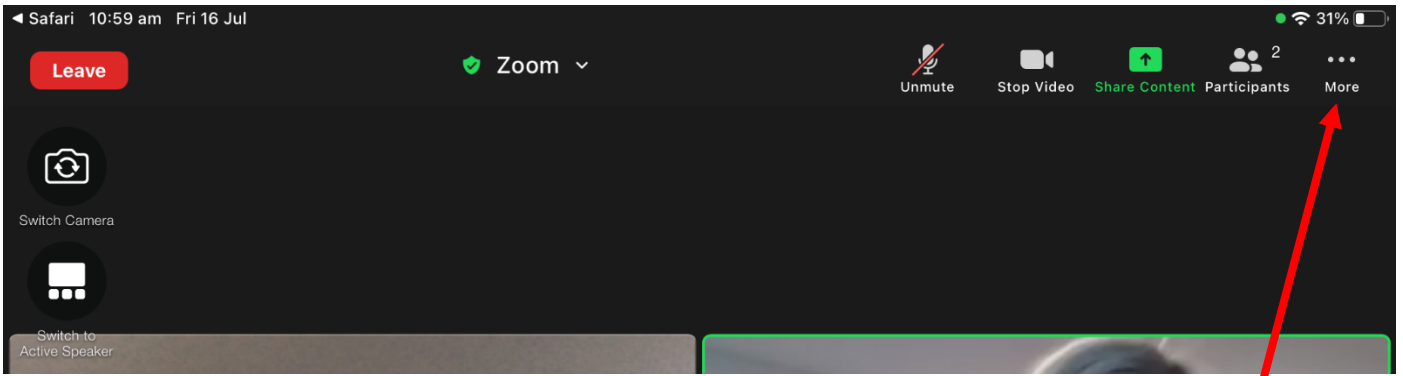

You will see yourself in the small screen in the bottom right corner.

Tap the screen to see the menu across the top and then press Switch to Gallery View in the top left corner to see everyone in the class.

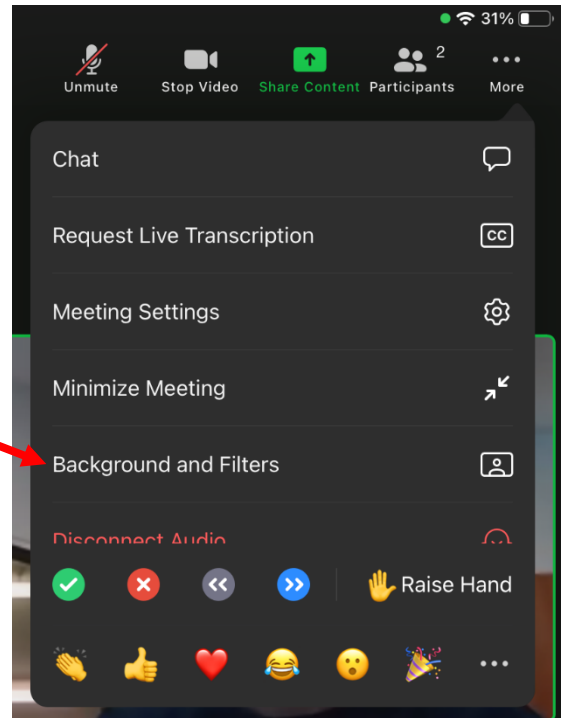

The teacher will mute students when the teacher needs to speak. The teacher will ask you to unmute if they would like you to share with the class. A message will popup when they do this, press Unmute.

We encourage you to change your background for privacy and to minimise distractions to the zoom meeting. To do this, tap the screen to see the menu then click the More button with the 3 dots in the top right corner.

Press Background and Filters.

Choose any of the backgrounds that you would like to use.

Then press the X in the top right corner.
